Q&A for the independent Mid Term Review of the ‘Accelerating the Global Transition to Sustainable Agriculture’ Project

1. Does the total budget include taxes? From which country they should apply?

IUCN is exempt from value-added tax in Switzerland, and proposals should not include value-added tax. Other taxes are the responsibility of the contractor and should be included in their financial proposal.

2. Page no. 2 of RFP; Section 4.3: *Pre-Qualification Criteria - for the criteria 2 & 3 namely Confirm that you have all the necessary legal registrations to perform the work and Confirm complete independency from any organisation that have been involved in designing, implementing, executing or advising any aspect of Accelerating the global transition to sustainable agriculture project;* Is a self declaration accepted? Is there any specific template or format?

We don't have template for the pre-qualification criteria, so a signed statement that confirm you meet criteria 2&3 should be enough.
