## **Mission statement**

To support the expansion of invertebrates assessed for the IUCN Red List.

## **Projected impact for the 2017-2020 quadrennium**

Our activities contribute to the continued extremely slow progress towards a meaningful Barometer of Life. Suggestions for new open systems to make this possible will continue to be made.

## **Targets for the 2017-2020 quadrennium**

### **Assess**

Red List: support any invertebrate Red List assessment not currently covered by any Specialist Group.

## **Activities and results 2018**

### **Assess**

#### **Red List**

i. A small number of externally provided assessments reviewed. (KSR #1)

## **Summary of activities 2018**

Species Conservation Cycle ratio: 1/5

Assess **1** |

Main KSRs addressed: 1

KSR: Key Species Result
