

IUCN CONTRIBUTIONS FOR NATURE CHALLENGE

Africa Conservation Forum

Let's unite and amplify our conservation efforts together

WHY YOU SHOULD JOIN THE CHALLENGE

➔ Enhance Your Visibility

Adding your work into the IUCN Contributions for Nature Platform amplifies your visibility and credibility in the international conservation community.

➔ Gain Access to Powerful Data

Access powerful data overlays for biodiversity (Species Threat Abatement and Restoration Metric) and climate change mitigation (Terrestrial carbon storage and sequestration), which can help to estimate your contributions and enhance your conservation strategies.

➔ Contribute towards Global Goals

Document your contributions to the IUCN Nature 2030 programme, The Global Biodiversity Framework, the Paris Agreement, and the UN Sustainable Development Goals.

BY JOINING YOU'LL BENEFIT FROM:

Hands-On Training: Learn step-by-step how to submit your data on the platform.

Expert Guidance: Receive assistance from IUCN experts to ensure accurate and impactful data submission.

WHERE & WHEN

Join us for the challenge training session at the **IUCN Academy Learning Zone on Wednesday 26th June from 14:00**. Our colleagues in the Learning Zone will be available at any time to assist you. We eagerly anticipate your participation and are excited to support your invaluable conservation efforts!

HOW TO PREPARE FOR THE CHALLENGE

To make the most of this challenge, please prepare and bring the following data to document your contributions.

Mandatory Data

- ↳ **Geographical boundary of your project (Spatial polygon)**
 - You can upload your own polygon or create your project boundary on screen.
 - Or you can select any Protected Areas or Key Biodiversity Areas polygons if your project contributes to that.
- ↳ **Name of the Contribution (project name)**
- ↳ **Start and end dates of the project**

Optional Data

- ↳ **Partner names (you can tag multiple partners)**
- ↳ **Biodiversity activities:**
 - Threat abatement actions (Refer to IUCN Threat Classification Scheme)
 - Conservation actions (Refer to IUCN Conservation Actions Classification Scheme)
- ↳ **Restoration activities:** Forest and landscape restoration actions.
- ↳ **Social benefits:** Number of staff & beneficiaries differentiated by gender.
- ↳ **Financial details:** Total annual budget required and annual budget already secured.
- ↳ **Attachments:** Photographs, Reports
