

TOYOTA

8th IUCN Asia Regional Conservation Forum
Reimagining Conservation in Asia: A Nature Positive Future
Bangkok, Thailand
3-5 September 2024
DRAFT PROGRAMME (Side events and poster exhibitions)

Side events

Side events	Organizer(s)
Regional Partnerships to Accelerate Forest Landscape Restoration (FLR) in Asia	RECOFTC, CIFOR-ICRAF, Coorg Wildlife Society, LPA Secretariat (AFoCO), APFNet, IUCN Asia
Decade of Conservation: APAP Celebrating 10 Years of Advancing Protected and Conserved Areas Governance and Management in Asia	APAP member countries led by Maldives as the current Chair of APAP
ACT30: Fair and Effective Area-based Conservation – Advancing KM-GBF Target 3 in Asia	The International Indigenous Forum on Biodiversity (IIFB), IUCN and Environmental Systems Research Institute (Esri)
Tigers: Leading the Charge for a Nature-Positive Asia	IUCN Asia, KfW, ITHCP, National Trust for Nature Conservation, Nepal, Wild Team Bangladesh, WCS Indonesia
Consultation on IUCN's Freshwater Biodiversity Strategy	IUCN Water Programme
Beyond IUU: Addressing Unselective, Unsustainable, and Unmonitored Fisheries through a new IUCN Situation Analysis	Centre for Science and Knowledge, IUCN
Innovative Approaches to Combat Illegal Wildlife Trade	Department of National Parks, Wildlife and Plant Conservation (DNP), World Wide Fund for Nature (WWF)

Assessment of biodiversity outcomes, monitoring and reporting on protected and conserved area quality and metrics for Target-3	WCPA, EarthRanger
NbS Asian Perspectives	Ministry of Natural Resources, China; Land Consolidation & Rehabilitation Center MNR, National Marine Data & Information Services, Society of Entrepreneurs & Ecology, SEE Foundation, China Green Carbon Foundation
OECMs In China- practices and roadmap	SEE Foundation, Ministry of Natural Resources, China
World Coastal Forum: Synergizing Efforts for Coastal Conservation	Eco Foundation Global
Global Gibbon Network: Saving the World's Rarest Primates - We Have the Solutions!	Eco Foundation Global
Ecosystem Restoration through nature solutions on carbon positivity	Hoste Hainse, Bird Conservation Society of Nepal, Youth Alliance Environment
Bridging the gap: regional platforms and targeted training to strengthen capacity across the Coral Triangle	GIZ, CTI-CFF, WWF
Enhancing IUCN – business collaboration from Asia”	Japan Committee for IUCN, The Nature, Keidanren Committee for Nature Conservation Society of Japan
Achieving KM GBF Framework - Importance of area based conservation measures as an effective tool.	Foundation for Ecological Securities (FES), India
WCC-2020-Res-120 “Towards a Policy on Natural Capital”	CEESP-CEM Task Force

Poster exhibitions

Exhibition	Member
Biodiversity-friendly aquaculture to build resilient ecosystem and bring transformative changes in aquaculture practice in Indian Sundarban – a case study	Nature Environment & Wildlife Society (NEWS)
Management of Korea National Parks (protected areas) using ICT equipment	Korea National Park Service
Continuous Efforts of KNPS to Restore Coastal Sand Dunes	
Strengthen management of threat factors in the health of natural ecosystems	
Potential of Community Forestry as OECMs in Asia	RECOFTC
Facilitating knowledge exchange and solution scaling for marine protected areas: Lessons learned from the SEA Success project	Department of National Parks, Wildlife and Plant Conservation, Thailand
Partnering with IUCN for Preparing the Korea Private Sector for Nature-Related Disclosures	National Institute of Ecology
Community-Based Forest Management; A Strategy for Ecosystem-based Adaptation in the Philippines	Non-Timber Forest Products - Exchange
