## EAGL APPLICANT DECLARATION OF INTERESTS

Potential EAGL members are experts working with and on PAs in their jurisdictions. It is therefore likely that some of their direct or indirect relationships with PAs or their agencies or funders result in perceived or real Conflicts of Interest (COI). COIs occur when competing loyalties may affect an individual's judgment or objectivity, or be perceived by others to potentially do so.

To maintain the credibility of the Green List and of the EAGL as a group, it is therefore important that all EAGL applicants declare relevant direct and indirect relationships and interests, so any potential COI can be managed and addressed in an appropriate manner.

Please list below the details of your interests and whether they apply to yourself or to a member of your immediate family or some other close personal connection. Consider real as well as potential conflicts of interest in doing so.
