

Green List
Protected | Conserved Areas

CALL FOR EXPRESSIONS OF INTEREST TO BE A MEMBER OF THE IUCN EXPERT ASSESSMENT GROUP FOR THE GREEN LIST (EAGL) FOR THE MAGHREB JURISDICTION

Dear Madam/Sir,

The IUCN Green List of Protected and Conserved Areas Programme (Green List for short) was officially launched in 2014 at the World Parks Congress to recognise and promote successful protected and conserved areas around the world. The main objective of the Green List is to encourage protected and conserved areas to measure, improve and maintain their performance through globally consistent criteria on good governance, sound design and planning, effective management and successful conservation outcomes. For more details on the IUCN Green List programme, please visit www.iucn.org/greenlist.

The Expert Assessment Group for the Green List (EAGL) is at the heart of Green List implementation and is established in every participating jurisdiction. The EAGL adapts the global Green List Standard to the jurisdictional context and evaluates and assesses protected and conserved areas that apply to be added to the Green List.

We are seeking Expressions of Interest in becoming an EAGL member for the Maghreb jurisdiction.

Benefits of being an EAGL member include advancing Protected Areas (PAs) management effectiveness and fairly governed PAs, membership with the IUCN World Commission on Protected Areas, and an opportunity to become part of the global Green List community of PA practitioners and stakeholders in more than 60 countries to date. It is important to note that EAGL members are expected to work on a voluntary basis, in their personal capacity, and according to their expertise without representing any organisation. EAGL members are expected to have specific competencies on Marine Protected areas and knowledge relevant to the Mediterranean marine environment.

Interested individuals are kindly requested to apply no later than **22nd of July** via <https://iucn.my.site.com/online/s/eaglapplcation>. On the web application form, please ensure you select the EAGL name "Maghreb".

The online form under this link asks for:

1. Your professional experience in a pre-defined table format.
2. A self-evaluation of your competency.
3. A statement outlining your motivation to join the EAGL and detailing how you meet the required competencies.
4. A declaration of your relevant interests to manage any Conflict of Interest.
5. Confirmation of your commitment to dedicate up to 10 days of volunteer time per year (0.8 days per month) to the EAGL tasks, over at least two years. All travel and logistic expenditures will be covered.

Additionally, we kindly ask you to send an up-to-date CV in English or French to jose.postigo-sanchez@iucn.org.

You can find online the [Terms of Reference](#), the [Application form](#) and **competency criteria**, as well as annexed to this document, for your information (or if you are unable to access the online form, the form can be filled and sent to jose.postigo-sanchez@iucn.org).

The IUCN World Commission on Protected Areas (WCPA), North Africa, West Asia and Middle East Vicechair, WWF North Africa, and an independent Reviewer, assisted by the Operations Teams, will evaluate all applications and select a group of 3 to 9 individuals to renew the Maghreb EAGL. Appointed EAGL members will need to sign a [Declaration of engagement](#). All applicants will have an opportunity to join the [WCPA](#)¹ as members, so long as they meet the WCPA membership criteria.

All documents and links required for this call can be found in:

<https://iucn.org/our-work/region/mediterranean/consultancies>

Please feel free to get in touch with jose.postigo-sanchez@iucn.org should you wish to find out more about the IUCN Green List and the EAGL or if you have any other queries.

Yours sincerely,

Nizar Hani

Vice President, North Africa, Middle
East and West Asia
IUCN World Commission on
Protected Areas
