5. EVALUATION OF PROPOSALS

5.1. *Completeness*

IUCN will firstly check your Proposal for completeness. Incomplete Proposals will not be considered further.

5.2. *Pre-Qualification Criteria*

Only Proposals that meet all of the pre-qualification criteria will be evaluated.

5.3. *Technical Evaluation*

5.3.1. *Scoring Method*

Your Proposal will be assigned a score from 0 to 10 for each of the technical evaluation criteria, such that '0' is low and '10' is high.

5.3.2. *Minimum Quality Thresholds*

Proposals that receive a score of '0' for any of the criteria will not be considered further.

5.3.3. *Technical Score*

Your score for each technical evaluation criterion will be multiplied with the respective relative weight (see Section 4.4) and these weighted scores added together to give your Proposal's overall technical score.

5.4. *Financial Evaluation and Financial Scores*

The financial evaluation will be based upon the full total price you submit. Your Financial Proposal will receive a score calculated by dividing the lowest Financial Proposal that has passed the minimum quality thresholds (see Section 5.3.2) by the total price of your Financial Proposal.

Thus, for example, if your Financial Proposal is for a total of USD 1,000 and the lowest Financial Proposal is USD 800, you will receive a financial score of $800/1000 = 80\%$

5.5. *Total Score*

Your Proposal's total score will be calculated as the weighted sum of your technical score and your financial score.

The relative weights will be:

Technical:	70%
Financial:	30%

Thus, for example, if your technical score is 83% and your financial score is 77%, you will receive a total score of $83 * 70\% + 77 * 30\% = 58.1\% + 23.1\% = 81.2\%$.

Subject to the requirements in Sections 4 and 7, IUCN will award the contract to the bidder whose Proposal achieves the highest total score.

6. **EXPLANATION OF PROCUREMENT PROCEDURE**

- 6.1. IUCN is using the Open Procedure for this procurement. This means that the contracting opportunity is published on IUCN's website and open to all interested parties to take part, subject to the conditions in Section 7 below.
- 6.2. You are welcome to ask questions or seek clarification regarding this procurement. Please email the IUCN Contact (see Section 2), taking note of the deadline for submission of questions in Section 3.1.
- 6.3. All Proposals must be received by the submission deadline in Section 3.1 above. Late Proposals will not be considered. All Proposals received by the submission deadline will be evaluated by a team of three or more evaluators in accordance with the evaluation criteria stated in this RfP. No other criteria will be used to evaluate Proposals. The contract will be awarded to the bidder whose Proposal received the highest Total Score. IUCN does, however, reserve the right to cancel the procurement and not award a contract at all.
- 6.4. IUCN will contact the bidder with the highest-scoring Proposal to finalise the contract. We will contact unsuccessful bidders after the contract has been awarded and provide detailed feedback. The timetable in Section 3.1 gives an estimate of when we expect to have completed the contract award, but this date may change depending on how long the evaluation of Proposals takes.

A bidder who submits or participates in more than one Proposal (other than as a subcontractor or in cases of alternatives that have been permitted or requested) shall cause all the Proposals with the bidder's participation to be disqualified.

In the Declaration of Undertaking (**Annex 2**) you need to give IUCN express permission to use the information you submit in this way, including personal data that forms part of your Proposal. Where you include personal data of your employees (e.g. CVs) in your Proposal, you need to have written permission from those individuals to share this information with IUCN, and for IUCN to use this information as indicated in 8.1. Without these permissions, IUCN will not be able to consider your Proposal.
