| 1. | [An inquiry from a company registered outside the Serbian jurisdiction]: “We would like to confirm our eligibility to submit an audit proposal for the referenced project and whether the assignment can be conducted remotely, in secure coordination with the implementing partner.” | All companies that meet the pre-qualification criteria listed in the RfP are eligible to apply, and their proposals will be taken into account during the evaluation. Being registered in Serbia is not a requirement for eligibility.<br>However, since a substantial portion of the expenses to be audited under this assignment is linked to Serbia, expertise in national accounting and taxation will be an important consideration in evaluating the proposal. |
