4.3. *Pre-Qualification Criteria*

IUCN will use the following Pre-Qualification Criteria to determine whether you have the capacity to provide the required goods and/or services to IUCN. Please provide the necessary information in a single, separate document.

	Pre-Qualification Criteria

2	Confirm that you have all the necessary legal registrations to perform the work
3	State your annual turnover for each of the past 3 years

For information only, the price needs to be broken down as follows:

	Description	Quantity	Unit Price	Total Price

	TOTAL			

4.6. Additional information not requested by IUCN should not be included in your Proposal and will not be considered in the evaluation.

5. EVALUATION OF PROPOSALS

5.1. *Completeness*

IUCN will firstly check your Proposal for completeness. Incomplete Proposals will not be considered further.

5.2. *Pre-Qualification Criteria*

Only Proposals that meet all of the pre-qualification criteria will be evaluated.

5.3. *Technical Evaluation*

5.3.1. *Scoring Method*

Your Proposal will be assigned a score from for each of the technical evaluation criteria.

5.3.2. *Minimum Quality Thresholds*

Proposals that receive a score of '0' for any of the criteria will not be considered further.

5.3.3. *Technical Score*

Your score for each technical evaluation criterion will be multiplied with the respective relative weight (see Section 4.4) and these weighted scores added together to give your Proposal's overall technical score.

5.4. *Financial Evaluation and Financial Scores*

The financial evaluation will be based upon the full total price you submit. Your Financial Proposal will receive a score calculated by dividing the lowest Financial Proposal that has passed the minimum quality thresholds (see Section 5.3.2) by the total price of your Financial Proposal.

Thus, for example, if your Financial Proposal is for a total of CHF 100 and the lowest Financial Proposal is CHF 80, you will receive a financial score of $80/100 = 80\%$

5.5. *Total Score*

Your Proposal's total score will be calculated as the weighted sum of your technical score and your financial score.

The relative weights will be:

Technical:	70%
Financial:	30%

Thus, for example, if your technical score is 83% and your financial score is 77%, you will receive a total score of $83 * 70\% + 77 * 30\% = 58.1\% + 23.1\% = 81.2\%$.

Subject to the requirements in Sections 4 and 7, IUCN will award the contract to the bidder whose Proposal achieves the highest total score.

The timetable in Section 3.1 gives an estimate of when we expect to have completed the contract award, but this date may change depending on how long the evaluation of Proposals takes.
