Version dated 15 October 2025 - as approved by the Members' Assembly at the IUCN World Conservation Congress in Abu Dhabi, United Arab Emirates.

Table of Contents

Introduction

This Dues Guide provides information on the calculation and payment of membership dues for IUCN Members.

IUCN is a unique organisation – a democratic membership Union – composed of around 1,500 Members, some 18,000 scientific experts in IUCN thematic Commissions and over 1,000 staff, who work together in more than 160 countries. By joining IUCN, Members benefit from IUCN's scientific credibility, its unsurpassed knowledge base and convening power, extensive networking opportunities and access to high-level political, economic and social decision making. More information on the benefits of IUCN membership is available here.

Members have the obligation to pay membership dues (Article 12 (c. (iii) of IUCN Statutes), which are essential to ensure a continued access to membership benefits and to fund the work of IUCN, supporting the implementation of the Programme and governance of the Union, the facilitation of global networking and communications, and the sharing of knowledge and expertise.

While IUCN Members access the same benefits, regardless of their membership category[1], membership dues are based on the principle that contributions are scaled based on the financial capacity of each country or organisation. This ensures that the financial contribution is shared fairly among all Members, considering countries' economies (for membership category A) and expenditure of the organisations (for membership categories B and C). By scaling the dues to reflect the financial capability of each Member, IUCN fosters inclusivity, ensuring that even those with limited means can participate without being excluded due to cost.

For each membership category, there is a corresponding dues scale. It is one of the functions of the IUCN World Conservation Congress to determine the dues of Members of IUCN (Article 20 (f) of the IUCN Statutes).

At the 2000 Congress (Amman), Members requested the IUCN Council to review the calculation of membership dues, linking them to a recognised published inflation index instead of the pre-defined percentage increase used since the 17th Session of the General Assembly (San José, 1988). In Bangkok, in 2004, the Members' Assembly approved Council's proposal to use the Swiss Consumer Price Index[2] (CPI), published annually by the Swiss Federal Statistical Office to index the membership dues, from 2006 onwards. No adjustments to the dues are made when the index is negative.

At the 2025 Congress (Abu Dhabi), the Members' Assembly approved Council's proposal to keep using the Swiss Consumer Price Index (CPI), with no adjustment when the index is negative. In line with this proposal, the membership dues have increased based on the cumulative inflation rate between January 2020, when the last increase in membership dues took place, and December 2024. From 2026 onward, membership dues will be adjusted every year, based on the annual update of Swiss Consumer Price Index approved by Council at its November meeting each year.

This Membership Dues Guide was approved by the vote of Members on 15 October 2025 at the IUCN World Conservation Congress 2025.

[1] Except affiliate category that excludes rights related to motions, elections and nominations

Applicability of the Guide

This Membership Dues Guide is applicable for all Members and applicant Members from 2026 and will remain in force until a revised Guide is adopted by the World Conservation Congress.

Categories of membership

Membership of IUCN is divided into four categories, as defined in Articles 4 and 5 of the IUCN Statutes.

Category A:	States, government agencies and subnational governments; political and/or economic integration organisations;
Category B:	national non-governmental organisations; international non-governmental organisations;
Category C:	Indigenous Peoples' organisations; and
Category D:	affiliates.

Membership dues calculation

Category A: States, government agencies, subnational governments, and political and/or economic integration organisations

As per Regulation 22[3] of the IUCN Statutes, the "scale of assessments for the apportionment of the expenses of the United Nations" is used as a basis to establish the membership dues groups for States, government agencies, subnational governments and political and/or economic integration organisations.

In the calculation of membership dues for States, government agencies, subnational governments and political and/or economic integration organisations, IUCN does not apply the UN assessment percentages directly. Rather, IUCN has elaborated its own sliding scale to form the IUCN dues groups/levels by grouping the different countries according to their percentage contributions to the UN budget.

The definition of the dues amounts (Tables 2, 3 and 4) is a Congress decision, while the repartition of UN assessment percentages within the IUCN dues groups (Table 1) is decided by the IUCN Council.

Approved by the 2000 IUCN World Conservation Congress (Amman), the present scale of percentage grouping, used to determine the IUCN Category A membership dues scale of 11 groups, ranging from "0" to 10, is shown in Table 1. To see the countries in each of the 11 dues groups, please refer to the **IUCN dues groups for IUCN Members in Category A** at the end of this guide.

The latest **"**UN scale of assessments for the period 2025-2027"[4] was published on 24 December 2024. Consequently, the IUCN Dues Guide has been updated to reflect the 2025-2027 UN scale of assessments, and it is valid from 2026.

[3] Regulation 22 of the IUCN Statutes: "*Dues for Members in Category A shall be established by the World Conservation Congress and be calculated for the period until the next World Congress on the basis of the latest available percentage assessed for States concerned in the budget of the United Nations. The Council may establish groups for the setting of dues...*".

Table 1: IUCN sliding scale of State, government agency, subnational government and political and/or economic integration organisation Members and corresponding UN assessment percentages

IUCN CATEGORY A MEMBERS IN DUES GROUPS:		UN ASSESSMENT PERCENTAGES:			
0	CORRESPOND TO STATES WITH A UN ASSESSMENT PERCENTAGE OF:			Less than	0.01%
1		From	0.01%	up to & including	0.05%
2		More than	0.05%	up to & including	0.07%
3		More than	0.07%	up to & including	0.11%
4		More than	0.11%	up to & including	0.19%
5		More than	0.19%	up to & including	0.35%
6		More than	0.35%	up to & including	0.67%
7		More than	0.67%	up to & including	1.31%
8		More than	1.31%	up to & including	2.59%
9		More than	2.59%	up to & including	5.15%
10		More than	5.15%		

States

Table 2: States

Group	0	1	2	3	4	5	6	7	8	9	10
CHF	8,273	16,535	33,081	54,714	83,877	125,741	192,519	263,026	313,598	420,828	526,040

Membership dues are expressed in Swiss Francs (CHF) and are for 2026. The dues include an increase of 6.2% on the previous membership dues that were set in 2020 and reflect the increase in the Swiss Consumer Price Index from January 2020 to December 2024. From 2026, dues will be adjusted each year based on changes to the Swiss Consumer Price Index. No adjustments to dues will be made when the index is negative[5]*.*

Government agencies and subnational governments

For a government agency and a subnational government, the dues group is the same as that of its State. For the appropriate dues group of your government agency or subnational government please refer to the **IUCN dues groups for IUCN Members in Category A** at the end of this guide.

Government agencies:

Government agencies are divided into two types, A and B:

- Government agency A: government agencies of a State where the State IS a Member of IUCN.

Membership dues for a government agency where the State IS a Member of IUCN are 3% of those of the State rate, except for government agencies of Groups 0 to 3 who pay the rate based on Group 4[6].
Dues for government agencies type A are shown in Table 3.

- Government agency B: government agencies of a State where the State IS NOT a Member of IUCN.

In a country where the State IS NOT a Member of IUCN, the government agency pays 25% of the amount of dues payable by the State if it were a Member, except for Group 0 for which the rate of dues is the same as in Group 1[7].
Dues for government agencies type B are shown in Table 4.

[5] Decision from the Members' Assembly in 2025 (refer to page 1 for more information)
[6] Decision made by the 17th General Assembly of IUCN in San Jose, Costa Rica
[7] Decision from the Members' Assembly in 2025 (refer to page 1 for more information)

Subnational governments:

The membership dues for subnational governments are governed by the scale for "Government agencies where the State is a Member of IUCN", irrespective of whether the State is a Member or not.
Dues for subnational governments dues are shown in Table 3.

Table 3: Dues for government agencies where the State is a Member of IUCN and subnational governments

Group	0	1	2	3	4	5	6	7	8	9	10
CHF	2,517	2,517	2,517	2,517	2,517	3,781	5,777	7,891	9,409	12,627	15,781

Membership dues are expressed in Swiss Francs (CHF) and are for 2026. The dues include an increase of 6.2% on the previous membership dues that were set in 2020 and reflect the increase in the Swiss Consumer Price Index from January 2020 to December 2024. From 2026, dues will be adjusted each year based on changes to the Swiss Consumer Price Index. No adjustments to dues will be made when the index is negative[8].

Table 4: Dues for government agencies where the State is not a Member of IUCN

Group	0	1	2	3	4	5	6	7	8	9	10
CHF	4,131	4,131	8,273	13,679	20,975	31,456	48,130	65,759	78,397	105,212	131,507

Membership dues are expressed in Swiss Francs (CHF) and are for 2026. The dues include an increase of 6.2% on the previous membership dues that were set in 2020 and reflect the increase in the Swiss Consumer Price Index from January 2020 to December 2024. From 2026, dues will be adjusted each year based on changes to the Swiss Consumer Price Index. No adjustments to dues will be made when the index is negative[9].

Political and/or economic integration organisations

The amount of dues payable by political and/or economic integration organisations is the average amount obtained by adding up the dues payable by each of its State components, as if they were Members of IUCN, and dividing it by the number of States constituting the organisation concerned. Please refer to the **IUCN dues groups for IUCN Members in Category A** at the end of this guide.

Category B: National and international non-governmental organisations, and Category C: Indigenous Peoples' organisations

Dues for national and international non-governmental organisations and Indigenous Peoples' organisations, were established according to Regulation 23[10].

Membership dues for national and international non-governmental organisations and Indigenous Peoples' organisations are calculated on the basis of the organisation's expenditure (in US Dollars).

The dues scale for national and international non-governmental organisations and Indigenous Peoples' organisations comprise ten different dues groups.

Dues for national and international non-governmental organisations and Indigenous Peoples' organisations are shown in Table 5.

[8] Decision from the Members' Assembly in 2025 (refer to page 1 for more information)
[9] Decision from the Members' Assembly in 2025 (refer to page 1 for more information)
[10] Regulation 23: "*Dues for Members in Categories B, C and D shall be established by the World Congress on the proposal of the Council*"

National and international non-governmental organisations

- Membership dues for national and international non-governmental organisations are calculated on the basis of the organisation's **total expenditure** (in US Dollars).
- Total expenditure is defined as all expenditure of the organisation during the year. This includes expenditure funded by project restricted income and any other funding source. It also includes grants to third parties, interests and taxes.
- Total expenditure should agree with the organisation's audited financial statements, or, in the absence of a formal audit, the financial statements approved by the organisation's board or trustees.

Venue-based organisations

- Solely for the purposes of calculation of membership dues, some Members in category B are classified as venue-based organisations[11]. Membership dues for national and international non-governmental organisations which are considered as venue-based organisations are calculated on the basis of the organisation's **conservation activities expenditure** (instead of the total expenditure of the organisation).
- Expenditure on conservation activities is defined as:
  a. what the Member reports as conservation expenditure in their audited accounts, or
  b. if the Member's conservation expenditure is not included or reflected in their audited accounts, what the Member reports on a statement prepared for purposes of calculation of the membership fees, including all of the following elements:
     i. Direct Conservation Action (field work, species recovery, veterinary care, conservation assurance populations);
     ii. Conservation research both inside and outside the institution;
     iii. Field conservation education (awareness-building, education, training, capacity building);
     iv. Conservation advocacy; and
     v. Conservation fundraising and direct grants.

Indigenous Peoples' organisations

Membership dues for Indigenous Peoples and local communities' organisations are calculated on the basis of the organisation's **total expenditure** (in US Dollars).

- Total expenditure is defined as all expenditure of the organisation during the year. This includes expenditure funded by project restricted income and any other funding source. It also includes grants to third parties, interests and taxes.
- Total expenditure should agree with the organisation's audited financial statements, or, in the absence of a formal audit, the financial statements approved by the organisation's board or trustees.

[11] Venue-based organisations are defined as those organisations which are characterised by major physical infrastructures that represent their primary annual expenditure. These venues serve large groups of members, users or visitors. The venue-based organisation must be one of the following:

- A university,
- An aquarium or zoo (for the purpose of keeping land or sea animals within enclosures for public viewing and conservation purposes),
- A botanical garden (for the purpose of having a documented collection of living plants for research, conservation, display and/or education),
- A museum (for the purpose of displaying a collection of artifacts of artistic, cultural, historical, or scientific importance), or
- A sport organisation.

Table 5: National and international non-governmental organisations and Indigenous Peoples' organisations

Group	Total Expenditure bands or total conservation expenditure for venue-based organisations (USD)		Membership dues scale (CHF)
	FROM (≥)	TO (<)	
1	-	100,000	319
2	100,000	500,000	510
3	500,000	900,000	818
4	900,000	1,620,000	1,306
5	1,620,000	2,916,000	2,092
6	2,916,000	5,248,800	3,345
7	5,248,800	9,447,840	5,342
8	9,447,840	17,006,112	8,549
9	17,006,112	30,611,002	13,684
10	30,611,002		21,898

Membership dues are expressed in Swiss Francs (CHF) and are for 2026. The dues include an increase of 6.2% on the previous membership dues that were set in 2020 and reflect the increase in the Swiss Consumer Price Index from January 2020 to December 2024. From 2026, dues will be adjusted each year based on changes to the Swiss Consumer Price Index. No adjustments to dues will be made when the index is negative[12].

FROM: equal to or above the amount indicated; TO: below the amount indicated

Assessment or reassessment of membership dues for categories B and C

Applicant and Member organisations must provide appropriate financial information including their annual audited financial statements together with a declaration of total expenditure, or conservation expenditure for venue-based organisations, for the last 3 financial years to enable the IUCN Secretariat to determine the dues group an organisation should be in.

IUCN Members shall then inform the IUCN Secretariat of any important changes in their organisation that may affect their dues group.

Members' request for reassessment of their dues can be submitted until December 31st, with an open invoice for the running year. No retroactive change will apply.

In addition, every 4 years, IUCN reserves the right to carry out a re-assessment of the dues' groups for Members in Category B and C to ensure the dues group still correspond to the organisation's average annual expenditure. This information will be used by the Secretariat, following the IUCN World Conservation Congress's approval of the dues guide, to determine their corresponding dues group for the next quadrennial, or until a new Dues Guide is approved by Members.

To do so, each Member will be required to submit to the Secretariat a declaration of expenditure (total or conservation expenditure, as appropriate), together with their annual audited financial statements, for the last 3 financial years. If a Member does not submit the information required, the Secretariat will use the latest financial statements available from public sources to determine the level of total expenditure of the Member. Failing that, the organisation will be reclassified into the dues group immediately above the one it is currently in.

In accordance with IUCN Statutes [Art. 12; c (iv)], the IUCN Secretariat may ask Members to provide additional details or clarification, should this be deemed necessary for the calculation of their dues.

[12] Decision from the Members' Assembly in 2025 (refer to page 1 for more information)

Category D: Affiliates[13]

Dues for affiliate Members were established according to Regulation 23[14,15].

All affiliate Members pay the same rate as indicated below. Affiliate Members do not have the right to vote, nominate candidates or submit Motions to the World Conservation Congress (Article 12 (b) of the IUCN Statutes).

Dues for affiliate Members are shown in Table 6.

Table 6: Affiliates

Affiliates
CHF 3,345

Membership dues are expressed in Swiss Francs (CHF) and are for 2026. The dues include an increase of 6.2% on the previous membership dues that were set in 2020 and reflect the increase in the Swiss Consumer Price Index from January 2020 to December 2024. From 2026, dues will be adjusted each year based on changes to the Swiss Consumer Price Index. No adjustments to dues will be made when the index is negative[16].

Payment of dues

When do dues become payable?

Membership dues are payable in advance and payment shall be received by the 1st of January (Regulation 24 of the IUCN Statutes) i.e. dues for 2026 should be received no later than 1 January 2026; dues for 2027 should be received no later than 1 January 2027, etc.

Invoices, issued in Swiss Francs, are prepared by the Secretariat and sent to Members during the last quarter of the year preceding the year concerned by the dues.

Membership dues balances are settled in CHF (Regulation 25 of the IUCN Statutes). Payments received in other currencies will be converted to CHF based on the daily exchange rate applicable to the date of receipt of payment.

Non-payment of membership dues and withdrawals

Are dues payable in case of withdrawal?

Dues are payable for each calendar year of membership. IUCN membership does not expire unless (i) the IUCN Member withdraws voluntarily by providing IUCN with written notification of its intention to withdraw its membership, or (ii) the Member is deemed having withdrawn following rescission, or (iii) the Member is expelled from IUCN as detailed in Article 13 of the [IUCN Statutes.]

What happens if the Member does not pay its dues for one year?

According to Article 13 (a) and 13 (b) of the IUCN Statutes, “The rights of a Member in connection with elections, voting and motions shall ipso facto be suspended when the dues of that Member are one year in

---

[13] Government agencies, subnational governments, Political and/or economic integration organisations and national & international non-governmental organisations can apply as affiliates.
[14] Regulation 23: “*Dues for Members in Categories B, C and D shall be established by the World Congress on the proposal of the Council*”.
[15] Decision made by the 17th General Assembly of IUCN in San Jose, Costa Rica.
[16] Decision from the Members’ Assembly in 2025 (refer to page 1 for more information)

arrears**"**. However the access to other membership benefits such as access to IUCN network, knowledge and expertise remains until dues are 2 years in arrears, to avoid financial barriers preventing Members from engaging in the Union and accessing its resources.

What happens if the Member does not pay its dues for more than one year?

"If the dues of a Member are two years in arrears, the matter shall be referred to the World Congress[17] which may rescind all the remaining rights of the Member concerned. Such rescission shall be on such terms as the World Congress may determine;
If, one year after the decision of the World Congress to rescind the remaining rights of a Member, the Member in question has not paid its arrears owed up until such rescission, that Member shall be deemed to have withdrawn from IUCN".

Voluntary withdrawal

Any Member may withdraw at any time from membership of IUCN by giving notice in writing to the Director General to that effect. The Member withdrawing shall not be entitled to any refund of membership dues paid (Art. 13 (g) of the IUCN Statutes). In accordance with Members' obligations, Members withdrawing voluntarily from the Union should ensure that all outstanding membership dues have been paid, up to and including the year of the notification of withdrawal.

Readmission

In accordance with Regulation 26 of the IUCN Statutes "If a Government agency, subnational government, a national and international non-governmental organisation, an Indigenous Peoples' organisation or an affiliate, which is deemed to have withdrawn from IUCN, seeks readmission to membership within three years of its withdrawal, all membership dues outstanding shall be paid before the Member is readmitted."

How can dues be paid?

Members

Dues shall be paid in Swiss Francs (CHF) or any other freely convertible currency. In countries where IUCN is represented by a Regional, Country or Project Office, payment of dues may be made to the IUCN Office in local currency, as per Regulation 25 of the IUCN Statutes[18].

For payments which are not made in CHF, Members are requested to use the same daily exchange rates as IUCN: https://www.oanda.com/currency-converter, which will help to avoid major exchange rate differences when the payment is processed in IUCN's accounts. Any exchange rate loss/gain or other difference in payment will be adjusted in the Member's next year's invoice.

In the case of outstanding dues from previous years, payments received will be first used to offset arrears before being allocated to the current year's dues. If amounts paid are higher than amounts due, the balance will be credited to the next year's dues.

For payments by bank transfer, Members will bear all bank charges. Invoice number, Member ID and relevant contact details must be quoted when making payments. Secretariat/Membership Focal Points should be informed if the payment is made to the Regional Office directly or through a third party to help with the follow-up of payments.

---

[17] Decision may be made during the World Conservation Congress or by electronic vote in-between Congresses.
[18] Regulation 25 of the IUCN Statutes: "*Dues shall be paid in Swiss francs or any other freely convertible currency according to the scales established by the World Congress, unless the Director General has agreed with the Member in question that payment in local currency or provision of facilities, goods and services in lieu of dues may be accepted because this will release for use by IUCN a sum equivalent to the assessed dues of the Member in question*".

For payments by credit card, membership dues of amounts up to 5,000 CHF can be settled by credit card via the Member profile page on the Union Portal[19]. Only Visa and MasterCard are accepted. Transaction charges for credit card payments will be borne by IUCN.

Payment receipts can be downloaded from the individual Member organisational pages on the Union Portal (within a few weeks of receipt of funds by IUCN Headquarters).

Applicant Member organisations

A deposit equivalent to the entire current year of membership is payable at the time of submitting a membership application. However, once the new Member has been admitted, the membership dues for that year are calculated on a pro-rata basis of the total annual membership dues, starting from the month following admission. If the balance is then positive, it will be credited to the following year. If an application for IUCN membership is rejected, the deposit will be reimbursed less any administrative costs that may apply.

Adhesion of States

In accordance with Article 6 of the IUCN Statutes "States or political and/or economic integration organisations shall become Members of IUCN by notifying the Director General of their adhesion to these Statutes, effective upon payment of the first year's membership dues", the payment equivalent to the first year of membership is payable at the time of submitting the letter of adhesion. The membership dues for that year are calculated on a pro-rata basis of the total annual membership dues, starting from the month following receipt of the letter of adhesion and payment of dues.

Payments details

Membership dues or deposit payments may be made to the following bank account:

Account name:	**IUCN, International Union for Conservation of Nature and Natural Resources**
Bank Address:	UBS Switzerland AG Place St. François 16 CH-1002 Lausanne Switzerland
IBAN/Bank account	IBAN CH23 0024 3243 3350 3501 W Swift Code: UBSWCHZH80A Currency: Swiss Francs

For any information regarding your payment, please contact your Membership Focal Point.

If your statutes and/or expenses have significantly changed since your organisation joined IUCN, please provide your Membership Focal Point with your organisation's most recent statutes and/or financial report, including the details of your organisation's expenditure.
