What we want to achieve

INTEMARES – Project objectives and scope

IMPLEMENTATION OF PRIORITISED ACTION FRAMEWORK FOR NATURA 2000 NETWORK IN MARINE AREAS

- Habitats Directive
- Birds Directive
- Marine Strategy Framework Directive
- Marine Spatial Planning Directive
- Common Fisheries Policy
- European Strategy 2020
- Convention on Biological Diversity
- OSPAR Convention
- Barcelona Convention

Innovative, participatory and integrated management for the consolidation of the marine Natura 2000 Network

INTEMARES: principles and actions

INTEMARES: partnership, duration and budget

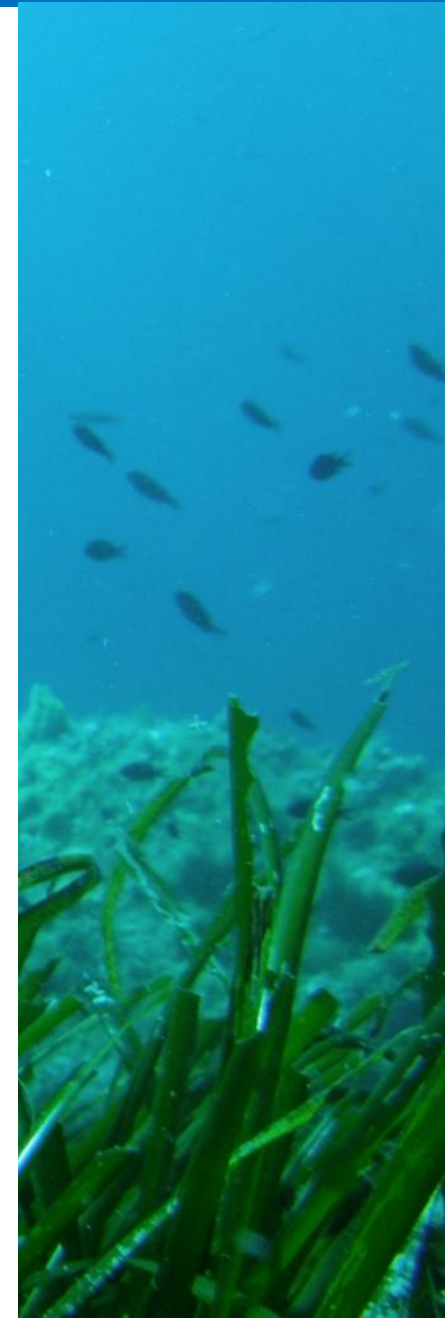

Partnership:

- Biodiversity Foundation (coordinator)
- Ministry of Agriculture, Fisheries, Food and Environment
- Spanish Institute of Oceanography (IEO)
- WWF-Spain
- Spanish Ornithology Society / BirdLife International (SEO/BirdLife)
- Spanish Fisheries Confederation (CEPESCA)

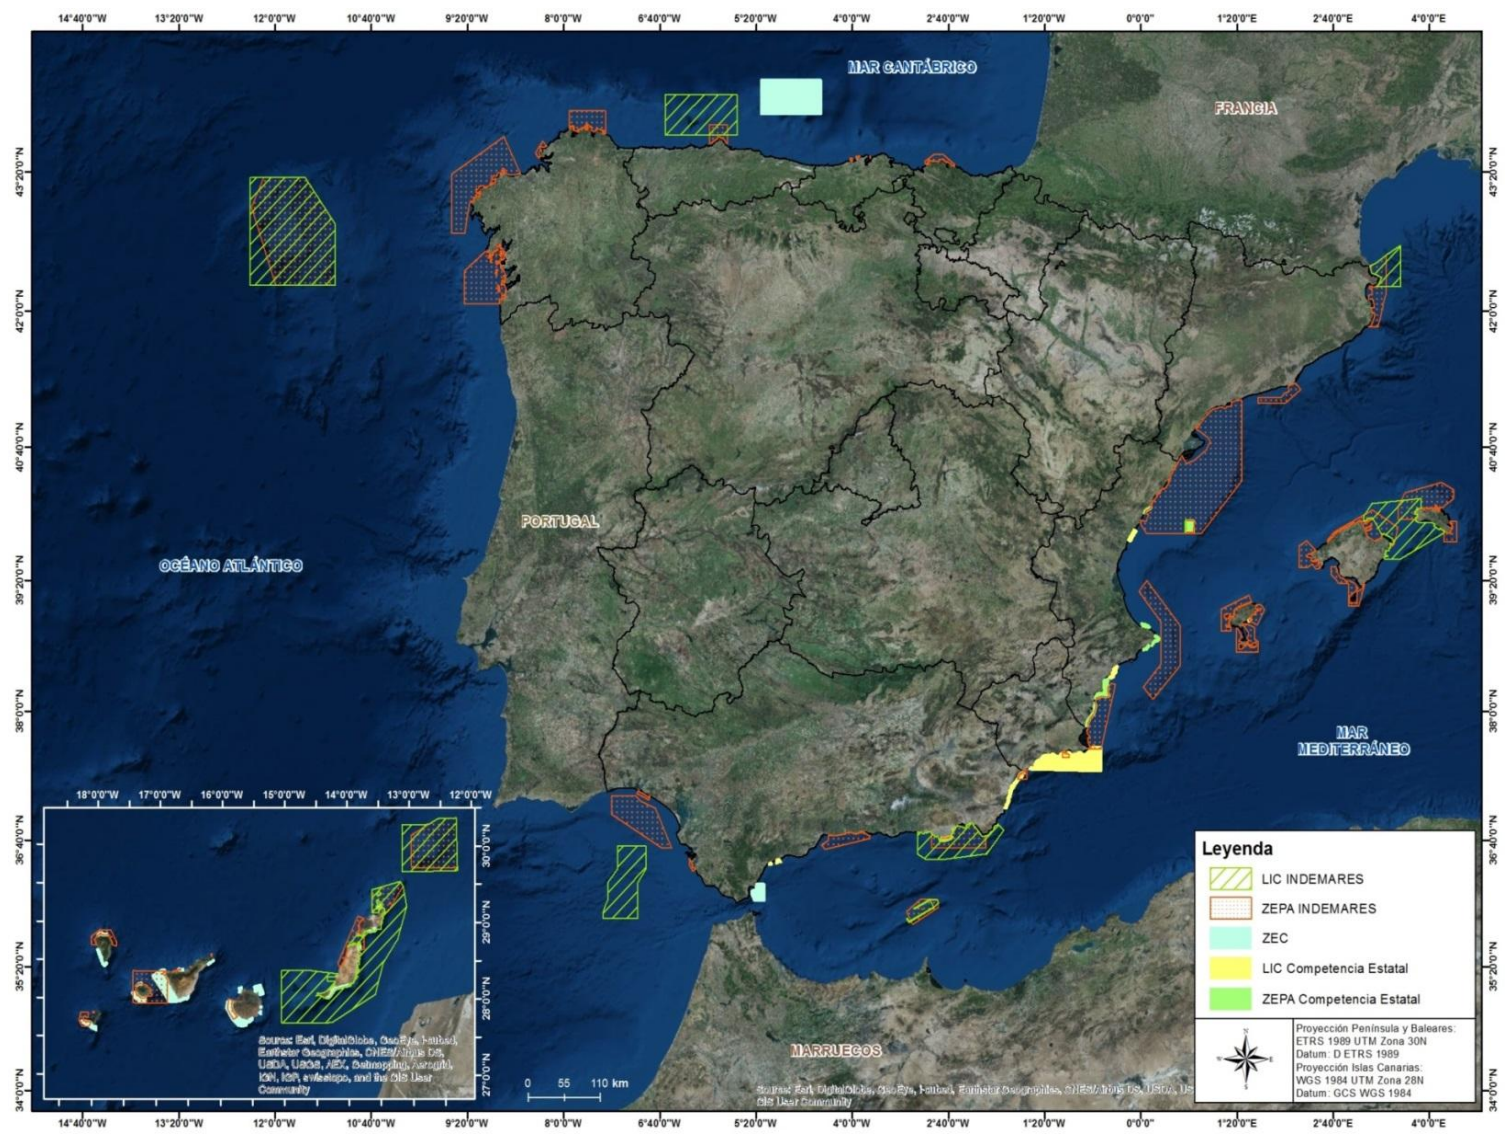

Implementation period: 2017-2024 (8 years)

Budget:

FUNDING PROGRAMME	AMOUNT(€)
LIFE	27.278.552 (50% UE cofinancing)
European Social Fund	10.300.000
European Maritime and Fisheries Fund	11.000.000
FB Calls for proposals	1.200.000
TOTAL	49.778.552

Spanish marine Natura 2000 network: 275 sites, 8.430.348,83 ha.

RESULT: a coherent, representative and well managed marine Natura 2000 Network

Challenges:

- New ways of public participation
- Reinforced administrative cooperation at regional, national and international level
- New governance models in decision-making, moving to advance co-management
- Validation and demonstration of joint use of different sources of funding for the marine Natura 2000
- Demonstration character and best practice for the management of marine protected areas at EU and global level.
