KINDLY CONFIRM ATTENDANCE BY SENDING AN EMAIL TO MS. ANDREA TEFTEDARIJA, GLOBE EU COORDINATOR (SIRPA.PIETIKAINEN-OFFICE@EUROPARL.EUROPA.EU)

Join GLOBE EU, the Global Legislators Organization for a Balanced Environment, and its partners, the Global Footprint Network and The Nature Conservancy in marking the day on which our societies have globally consumed the resources of our planet for one year and contribute to the debate together with academics, representatives from the civil society, forward-looking businesses and international organizations on how to prevent the Earth Overshoot Day from happening earlier and earlier every year and how to limit the negative effects of human action which lead to the crossing of the Planetary Boundaries.
