

Threats to the world's 25 most endangered primates 2008–2010

Threats to the world's 25 most endangered primates 2008–2010 Estimated				
Species	population size	Threats		
Madagascar				
Greater Bamboo Lemur	Not more than 100– 160.	Small isolated populations, slash-and-burn agriculture, mining, illegal logging, the cutting of bamboo, hunting with slingshots, reduced		
Prolemur simus		availability of drinking water due to climatic change. Intrinsic: extreme dietary specialization and dependency on giant bamboo.		
Gray-headed Lemur	7,265 ±2,268	Very small range (c.700 km²), hybridization with <i>E. rufifrons</i> , low population densities, fragmented populations (small population		
Eulemur cinereiceps		effects, including parasitosis), cyclones, deforestation, hunting.		
Sclater's Black Lemur/Blue- Eyed Black Lemur	450–2,300	Very small range (c.2,700 km²), forest loss, (slash-and-burn agriculture, selective logging), hunting and trapping and live capture for pet		
Eulemur flavifrons	l aga than	trade.		
Northern sportive lemur Lepilemur septentrionalis	Less than 100	Very small range, tree-felling for charcoal, hunting.		
Silky Sifaka	100-1,000	Very small range, hunting, forest loss (slash-		
Propithecus candidus	100 1,000	and-burn agriculture, selective logging, fuelwood).		
Africa				
Rondo Dwarf Galago	-	Very small and fragmented range in remnant forest patches, loss if habitat (agricultural		
Galagoides rondoensis		encroachment, charcoal production, logging).		
Roloway Guenon Cercopithecus diana roloway	-	Hunting (bushmeat trade), forest loss, fragmented populations (numerous documented local extinctions).		
Cercopitriecus diaria roloway	Less than	Very small and fragmented range, forest loss		
Tana River Red Colobus	1,000	(agricultural encroachment, selective logging for local use [houses, canoes]), exploitation of non		
Procolobus rufomitratus		timber products, parasitosis of isolated populations.		
Niger Delta Red Colobus Monkey	-	Very small range (c.1,500 km²), habitat degradation, bushmeat hunting, logging (important food trees for the species), change in hydrological regime of marsh forest due to		
Procolobus epieni		construction of canals		
Kipunji Rungwecebus kipunji	c.1,117	Very small and fragmented range (area of occupancy c.12.8 km²), forest loss, hunting.		
Cross River Gorilla	200–300	Restricted range, agricultural encroachment, fires to clear forest or improve pasture, development activities (roads), hunting, wire		
Gorilla gorilla diehli		snares set for other wildlife.		
Asia		C. C		
Siau Island Tarsier	Low	Island population (active volcano), very small		
Tarsius tumpara	thousands at	range (area of occupancy c.19.4 km²), high		
	best	human density, hunting for snack food, habitat degradation.		
Javan Slow Loris Nycticebus javanicus	-	Massive trade (traditional medicine and pets), forest loss (agriculture), roads, human		

		disturbance
Simakobu or Pig-Tailed	c.3,347	Island population, forest loss (human
Snub-Nose Langur	0.0,017	encorachment, product extraction, commercial
		logging, conversion to cash crops and oil palm
Simias concolor		plantations), hunting.
Delacour's Langur	Less than	Restricted range (400–450 km²), fragmented
_	320	populations (60% occur in isolated populations
Trachypithecus delacouri		of less then 20 animals), hunting, primarily for
		trade in bones, organs and tissues used in
		traditional medicine.
Golden-headed Langur or	60–70	Island population (karst island of 140 km²),
Cat Ba Langur		seven isolated subpopultions, hunting, primarily
		for trade in bones, organs and tissues used in
Trachypithecus p.		traditional medicine.
poliocephalus		5 11 22 12 22 13
	-	Forest loss, more than 90% of forest in its range
Western Purple-faced		has been lost or fragmented (urbanization and
Langur		agriculture), dependant on gardens for surival,
Common ith a supervaturity		electrocution (power lines), road kill, dogs,
Semnopithecus vetulus		occassional hunting (for pet trade or persection
nestor	600–700	for crop-raiding).
Grey- shanked Douc Monkey	000-700	Restricted range and fragmented population, forest loss (agriculture logging, firewood),
Pygathrix cinerea		hunting, including use of snares.
r ygannix omerea	Less than	Restricted range and fragmented population
Tonkin Snub-nosed Monkey	200	(five isolated localities), forest loss (logging,
Torikiri Orido riosed Workey	200	shifting cultivation), hunting, dam construction
Rhinopithecus avunculus		(habitat loss and influx of thousands of people,
Tumrophirodad avarrodiad		increasing hunting pressure).
	c.110	Very small range (c.48 km²), habitat loss and
Eastern Black Crested		disturbance (cultivation, pasture, firewood,
Gibbon		charcoal production), fragmen ted populations
		(small population effects)
Nomascus nasutus		
	Less than	Recent very rapid declines in numbers, very
Western Hoolock Gibbon	5,000	fragmented populations (small population
		effects), forest loss (human encroachment, tea
Hoolock hoolock		plantations, slash-and-burn cultivation), hunting
	- 0 000	as food and medicine, and capture for trade.
Sum atran Oraș surta a	c.6,600	Recent very rapid declines in numbers, restiretd
Sumatran Orangutan		and fragmented range (10 fragmented habitat
Pongo abolii		units), habitat conversion and fragmentation (fires, agriculture and oil palm plantations,
Pongo abelii		roads, logging, encroachment), occasional
		killing as pests or food, occasional pets.
Central and South America		Rining do posto or rood, occasional pots.
Cotton-top Tamarin	Less than	Forest loss and fragmentation (large-scale
Saguinus oedipus	6,000	agricultural production [cattle] and farming,
	2, 	logging, oil palm plantations, hdorelectirc
		projects), pet trade, capture for biomedical
		research (past).
Variegated or Brown Spider	-	Restricted ranges of two subspecies, low
Monkey		population densities, forest loss and
		fragmentation (agriculture, cattle-ranching),
Ateles hybridus		hunting, pet trade.
Peruvian Yellow-tailed	-	Restricted range, low populaion densities in tall
Woolly Monkey		premontane, montane and cloud forest, forest
		loss (agriculture, logging, roads, colonization),
Oreonax flavicauda		hunting (food, pets, fur).
